The rightmost image is a graph showing Voltage regulation across different load currents. The x-axis is labeled 'Output Load Current (%)' with values 10, 25, 50, 75, and 100. The y-axis is labeled 'Voltage'. Horizontal lines indicate voltage levels: +10%, +5%, +2.5%, 0% (V<sub>NOM</sub>), -2.5%, -5%, and -7.5%.
